Allied Universal Provides Security Services at ASIS International Seminar & Exhibits

The Security Leader Also Presents Five Educational Sessions at Event

Orlando, Fla. September 7, 2016 Allied Universal, a leading facility services company and the largest security force in North America with over 140,000 employees, is honored to provide physical security at ASIS International 62nd Annual Seminar and Exhibits in Orlando, Fla., from September 12 to 15.

Allied Universal security officers will patrol the exhibit hall to help ensure a safe and secure environment.

Taylor, Principal, Dan Taylor & Associates, LLC For five years we have worked together to provide a security presence that the ASIS organization, exhibitors and attendees have come to rely on. Through this partnership we are taking security to a new level at the 2016 conference with the addition of robots to the

Allied Universal has also been selected to present five educational sessions during the conference. Allied Universal is proud to support the security industry's premier event offering industry professionals the opportunity to exchange ideas, best practices, technology and solutions with the participation at these five featured events.

Educational sessions presented by Allied Universal:
